## REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Ehrhardt Elementary School did a comprehensive needs assessment in 2005-2006 that addressed the following areas: 1) Student Achievement, 2) Teacher/Principal Quality, 3) School Climate/Home Relations, and 4) Several other areas with a special emphasis on Technology.

The committee considered strengths, weaknesses, and areas that needed improvement. The district decided to use the 2003 and 2004 PACT scores as the baseline data. The data did not indicate any problems in any specific sub-group based on the fact that our school enrollment is so small that most sub-group data was not given.

The 2007 PACT data indicated that EES made improvement in ELA and Math as documented by fewer students scoring below basic. Data for Science and Social Studies were not available.

Teacher quality continues to be a strong area for EES in that 100% of the teachers and the principal are Highly Qualified as defined by the No Child Left Behind Law.

Parent involvement stayed strong as indicated by the fact that the number of parents having conferences remained at 100% for the 2007-2008 school year.

Our school continues to address the use of computers on a daily basis and making life skills and character education a high priority. We made major strides in making computers a part of our daily routine by improving the percent of computers that are available for use. Research has shown that Character Education is very valuable to students. Research says that how you feel about yourself and how happy you are with your surroundings definitely influence classroom performance.

Our program continues to focus on staff development, a balanced literacy and math program, emphasis on science and social studies, teacher commitment to quality education, use of volunteers, and closely following the state standards.
